Rule 273. Special Rule. Speed 0mpm. Start Height 1.10m.

For registered horses to be ridden by Adult, Associate or Junior members.

Each obstacle is clearly marked with a number of points from 10 to 120 according to its difficulty. The time allowed is 60 seconds in an outdoor arena and 45 seconds in an indoor one.

The competitor jumps what obstacles he/she chooses and may do so in either direction. The competitor scores the number of points allotted to each obstacle provided it is jumped clear. No points are scored for an obstacle knocked down (Rule 211).

Each obstacle may be jumped twice to score. Jumping, voluntarily or otherwise, an obstacle for the third or subsequent time or jumping or passing through an obstacle already knocked down or displaced, including the displacement of a lower element, does not incur elimination but scores no points.

Disobediences are not penalised since they decrease the time available in which to score. Following a disobedience a competitor may either attempt the same obstacle again or proceed to the next obstacle of his/her choice. A second or subsequent disobedience does not incur elimination but the Judge may retire a competitor if it becomes apparent that repeated disobediences have destroyed all chance of the competitor featuring in the prize list.

The bell is rung as soon as the time allowed is reached. The competitor must then cross the finishing line in either direction to allow his/her time to be recorded. If he/she does not cross the finishing line, he/she is placed last of the competitors with the same number of points.

The number of points allotted to the last obstacle jumped clear will be included in the competitor's score provided the horse has already started to take off at the moment when the time allowed is reached.

An additional obstacle may be included in the course, to be known as the Joker. The Joker must be built as an upright (not a spread) obstacle and should be significantly higher than the other obstacles (Rules 134.3, 135.4). The Joker may be jumped twice to score. If jumped clear, 200 points are added to the score, but if the Joker is knocked down 200 points are deducted from the score.
